

# Kurt Kurasaki Power Tools For Reason 2 5 Power Tools Series

## Chapter 1 : Kurt Kurasaki Power Tools For Reason 2 5 Power Tools Series

An "effects chain" or "signal chain" is formed by connecting two or more stompboxes. effect chains are typically created between the guitar and the amp or between the preamplifier ("preamp") and the power amp. when a pedal is off or inactive, the electric audio signal coming into the pedal diverts onto a bypass, an unaltered "dry" signal that continues on to other effects down the chain.
