Chapter 1 : Maturing Masculinities Aging Chronic Illness And Viagra In Mexico

Maturing masculinities is a nuanced exploration of how older men in urban Mexico incorporate aging, chronic illness, changing social relationships, and decreasing erectile function into their conceptions of themselves as men. It is based on interviews that Emily A. Wentzell conducted with more than 250 male patients in the urology clinic of a government-run hospital in Cuernavaca. "Maturing masculinities is scholarly, informative, very readable, and affective. It is an excellent resource not just for Mexicanists or Latin Americanists more generally but also for a wider range of scholars and students of masculinities, health, aging, and other related issues. Introduction: changing bodies and masculinities in post-viagra Mexico --mexicanness, machismo, and maturity in composite masculinities --sex, relationships and masculinities --chronic illnesses as composite problems --rejected drugs --medical treatment in context --conclusion: cultural change over time in responses to erectile difficulty.
