

Wild Flowers Of Britain And Europe

Chapter 1 : Wild Flowers Of Britain And Europe

20th century society at the beginning of the 20th century 25% of the population were living in poverty and at least 15% were living at subsistence level. This illustrated guide to 65 common flowers has been produced to help people complete the common plants survey. The 65 species are chosen to be easy to identify and to be indicator species representative of British and Irish Isles. The species was introduced to Britain in 1825 as an ornamental plant for large gardens, prized due to its imposing size and sprays of flowers. The elderberry (*Sambucus nigra*) is a native fruit-bearing shrub common in western and central Europe as well as in North Africa, Scandinavia, and Great Britain. The species found in North America.
